So deep in luve am I,
And I will luve thee still, my dear,
Till a' the seas gang dry!

There is plenty of money out there for great ideas. How to tell if you've got one?
There's plenty of funding if you have a good idea.

Somehow, a bunch of entrepreneurs got it into their heads that good ideas go unfunded. It's just not true. Because part of what makes something a good idea is the fact that the founder can convey that it's a good idea. And in the world of funding, there are rules about how one conveys a good idea. You need an addressable market.

You need to solve a problem for that market. There needs to be a way to make money. A lot of it. And there needs to be a barrier to entry.

I'm blown away by how many founders think they can get away with not having one of these things. You could have a weakness, sure. But you have to have the essential components of a good company, or you don't have a good company.

There are plenty of people who will give you feedback on your idea. It takes very little knowledge of the startup world to recognize a crappy idea, because most ideas are so crappy in so many ways and you only need to be able to see one of them.

全会（二十届三中全会）提出，高水平社会主义市场经济体制是中国式现代化的重要保障。

必须更好发挥市场机制作用，创造更加公平、更有活力的市场环境，实现资源配置效率最优化和效益最大化，既“放得活”又“管得住”，更好维护市场秩序、弥补市场失灵，畅通国民经济循环，激发全社会内生动力和创新活力。

要毫不动摇巩固和发展公有制经济，毫不动摇鼓励、支持、引导非公有制经济发展，保证各种所有制经济依法平等使用生产要素、公平参与市场竞争、同等受到法律保护，促进各种所有制经济优势互补、共同发展。要构建全国统一大市场，完善市场经济基础制度。
